

# AQUATIC INVASIVE SPECIES PREVENTION MILFOIL MORNING WORKSHOP

Diver in mat of Eurasian watermilfoil. Wisconsin Department of Natural Resources.

On April 21, 2018, the St. Croix River Association, in cooperation with partners in Minnesota and Wisconsin, sponsored a joint Minnesota and Wisconsin Milfoil Morning Workshop. At the workshop, nearly eighty participants learned about Eurasian watermilfoil and how it affects waterbodies in both Minnesota and Wisconsin.

Participants learned how to identify, the characteristics of, and the differences between Eurasian watermilfoil and Hybrid watermilfoil. Participants also learned best management practices, permits required and treatment options to reduce infestations of Eurasian watermilfoil.

## Partners:

- St. Croix River Association
- Polk County, Wisconsin
- Chisago County
- Comfort Lake-Forest Lake Watershed District
- National Park Service
- Minnesota Department of Natural Resources
- Wisconsin Department of Natural Resources
- US Fish & Wildlife Service
- Minnesota Aquatic Invasive Species Research Center
