

CITY OF LINDSTRÖM – NEWELL AVE RAIN GARDEN

A new rain garden was installed in July of 2019 to capture storm water from Newell Avenue, Maple Street, and Pleasant Avenue in Lindström. The water filters through the rain garden, then passes through the existing storm sewer directly to South Lindstrom Lake.

Partners:

City of Lindström
Chisago Lakes Lake
Improvement District
Chisago Soil & Water
Conservation District

Pollution Reduction:

TSS: 1,200 lbs/yr
TP: 0.6 lbs/yr
*(Minimal Impact
Design Standards
(MIDS) Calculator)*

Targeted Water:

South Lindstrom Lake

Completion Date:

July 2019

May I Visit?

Yes – This project can
be viewed from the
street edge.
