March 17, 2020

**PRESS RELEASE:
For Immediate Release**

At this time and for the foreseeable future the Chisago County Board of Commissioners will not have a Citizen's Forum at the County Board of Commissioner Meetings beginning on Wednesday, March 18th, 2020 at direction of the County Board Chair. The elimination of Citizen's Forum, where the public convene in the Board Chambers is an appropriate measure.

The Board feels it is imperative to take any and all reasonable steps to curtail the spread of COVID-19 for our community. Currently, every County department is taking extra steps to limit all unnecessary direct contact with others and the public, however, Chisago County remains committed to providing services to Chisago County.
