S.A.P. 013-625-009**

**Contractor:** Knife River Corp.  
42945 Harder Ave.  
Harris MN, 55032

**Where:**

- On County Road 25 (Olinda Trail) from 295<sup>th</sup> Street to Washington County Line.

**What:**

- This project is broken up in to two parts.
  - The first part will be between the Washington County Line and 288<sup>th</sup> Street, which will grind up the existing roadway pavement, add turn lanes at various intersection, replace culverts that are in poor condition, grade and place new pavement with an eight foot shoulder.
  - The second part will be between 288<sup>th</sup> Street and 295<sup>th</sup> Street, which will reconstruct the roadway to a curb and gutter section. Reconstruction will adjust the road profile, add/replace storm sewer, add sand to the road section, and place new pavement with an eight foot shoulder.
  - Rerouting of sanitary sewer and water main lines will be done at Glader Blvd and Machmeier Court under a separate city project to avoid storm sewer conflicts.
- The addition of turn lanes at intersections along the project will aid in traffic flow and safety. Culvert replacements will help with drainage throughout the project area. New road signage and pavement markings will be included as well as replacing all nonconforming mailbox supports with new swing away style supports.
