

MAX GUSTAFSON

ACCESS CONTROL FENCING

The Gustafson Farm is a cow/calf operation on the family farm that sits on the north end of South Center Lake in Center City, MN. Pasture management is incorporated on about 100 acres of pasture land. The cattle are restricted from access to the lake on the west side of the property through the use exclusion practice. This practice includes a buffer of over 30 feet from the water's edge. The cattle formerly had direct access to South Center Lake.

Partners:

Landowner
Chisago Lakes Lake Improvement District
Chisago Soil & Water Conservation District

Pollution Reduction:

TP: 27 lb/yr
(MinnFARM)

Targeted Water:

South Center Lake
